Cured my insomnia!!

Since I was a young child I've struggled with sleep. Some nights I get none at all but my doctor perscribed this game and since it was on gamepass i thought why not.No more then two minutes in I got so bored it put me into a sleep so deep that I missed days!Tried it on my young daughter and there was no time for Story Time that night as she too entered a state of sleep through boredom!!!!!!Trying it on the inlaws next week.

Great Short Story - (07/10)

If you like the Pace of walking sims then this one will work for you. Decent story that dosen't drag on with the game only taking around 3 hours to complete. Game play itself can be a little clunky at times and the cutscenes are very basic, however the story, and decent voice acting makes up for this, keeping you wanting to move forward in the plot. If you are a collector of achievements this game will net you an easy 1000G with it easy to obtain 16 achievements that if missed can be collected through chapter select once

Dull discoveries...

Open Roads is something that I'd class more as a visual short story then a game. Depending on your reading and exploration skills theres only about 2-3 hours max of content, and no replay value as dialog choices don't change the overall story.Gameplay is pretty much walk about, point and click, then read. As for the story, you're left cleaning your grandmothers house after she's died and you uncover some family secrets... But none of it really hit for me and just left me with a sense of 'Oh, so that happened', rather then

3ish hours of a game genre I have been missing

It feels like games like this are few and far between since we got Firewatch and Tacoma, so I'm glad there's finally another one. I know this was in development hell for a bit and you can tell at times, I'm sure they had bigger plans for the story. It took a little time to warm up but the final sequences pay off brilliantly. Excellent Cat Power song on the closing credits too as a bonus.

29/03/2024

Console

Moving

This title is well-paced while it explores relationships and gently unravels the complexity in the lives of the maiden, the mother and the crone. It's a story you need to see to the end and avoid spoilers so be careful reading reviews. For a narrative-driven game, the interactivity is suprsingly high and in many parts, the graphics are stunning. I set aside 2 hours and really explored the depth of the game. It's beautiful and will leave you feeling warm and wanting to hug a loved one because, well, we're all shaped by our pasts and

3 words....

As Dusk Falls.If you're looking for a well acted, well written, superbly animated story driven game with characters you care about (good and bad) and replayability - As Dusk Falls.This is competently acted and looks fine for what it is, but the story is limp and the gameplay of picking up objects until you find the right object to progress the story is catastrophically bad. I've also rarely encountered 2 less interesting main characters. Boring when they're not fighting, annoying when they are. On the upside, the game is mercifully

A nice change (turn assisted aim off)

Ive got 400 xbox games and occasionally you need to blend a game in like this, life is already too high octane being wired into the mainframe constantly. This is a very nicely relaxed heart felt game about family. Anyone going about this being boring probably has a birds nest as hair thinking its style. "if you dont like games like this then why are you downloading or playing it?. Im enjoying it, what other games mention tim currys 1985 film clue and let you pop bubble wrap? Well done devs, dont worry about the ungrateful

SHOW MORE

Jinxed Q
27/04/2024

Console

A Short and sweet fulfilling family story

Nothing entirely complex, Open Roads unravels a mother and teenage daughter's family secrets whilst exploring the family's current circumstances. The characters are straight forward but have their differences, voice acting is good and carries the emotions necessary. Story is short but builds nicely on the mother daughter relationship. (Very chill and achievement hunting friendly)

SHOW MORE

MightyMackem61
20/04/2024

Console

Short but enjoyable

Forget about how short it is and enjoy it for the story alone.Graphics and locations are what you would expect and serve their purpose. Voice acting and the delivery helps to keep you involved.It had great potential but falls just short of top marks. That said not every game has to last an age. As a Game Pass addition it hits the mark.

Nobody4321

09/02/2025

PC

Neat Walking sim

It's a neat short walking sim with an interesting story. But it's one of many indy walking sims with a tragic surreal story over the last few years so the emotional parts didn't hit for me. Also the relationship between the mother and teenage daughter was a bit too cutsey putsey to be realistic. Also having been a teenager myself at 2003 it didn't trigger any nostalgic feelings, it was just too unrealistic.

SHOW MORE

Interactive Story

Key Points:~ This is an interactive story.~ No horror, no gore, just relax and exploration.~ Heavily story driven.~ The story is about family: parent/children relationship, finances, etc. Tech points:~ Dialogs are based on flat 2D comics like characters that are slightly animated.~ Exploration is 1st person in 3D environments.~ 3D scenes are well designed but resolution could be better.~ Exploration lets you interact a lot with environment but does not add a lot to story.~ 2D art is good but I wish there were a bit more emotion

Honestly AMAZING

I tried this out because I thought the art style was cute, believe me when I say, amazing play! its a super cute short story, a bit of comedy, a bit of sadness and a bunch of mystery, I really wasn't expecting the ending to the mystery! If you're a completionist like myself (with a few games still TBC) this is a great break from the grinding of achievements on other games. It only takes 3hrs tops, to complete. Of course it still stands as a story game if you aren't in it for the achievements.

RazielMoshman
03/12/2024

PC

Short, simple narrative that captured my interest

To be frank, the gameplay is so thin it even stretches the bounds of 'walking simulator'. Most of the interaction is animated, making me think this would work better as a short animated movie rather than a game.The story though is interesting. It's not a major mystery and it's not highly dramatic, but it is a common story that many people will, at least partially, identify with. It's worth a couple of hours of your time, especially if you have a habit of preferring to leave difficult parts of your own past in the past.

SHOW MORE

Jameseyboi2000
26/11/2024

Console

Worth It!

I thoroughly enjoyed playing this game. It’s not really a game, so much as a story book that follows an interesting narrative. The only set back (aside from it not having more content) is the slightly predictable twist. Aside from that it was great to play, the voice acting and the visuals were brilliant!

31/03/2024

Console

Not much of a game

Just about engaging enough to see through to the end - but only because it's extremely short. Gameplay is minimal, and unremarkable. The voice acting is fairly good, but the story being told is not compelling in the slightest. As other reviewers have said, there is something vaguely unpleasant about this game, a certain air of foulness and corruption, and an unsettling disconnection from reality... none of which, I assume, the writers intended. A strange game, made by strange people, for an audience of strange people.
