[About ratings and reviews](#)

Bobbigmac
19/10/2024

Console

Pretty good

No idea what game those reviewers played, but this is good fun, a little bit jank but it's at least as good as The Surge or Darksiders 3, a little better than Thymesia or Mortal Shell, but not as good as Lies of P. Performance is good and no idea why everyone says protagonist is unlikeable, she's a standard fantasy stoic protagonist, there's not enough personality to dislike. The combat is crunchy, exploration is decent, level design is good and you can play with push combat. The parry windows are massive, making this a fairly

Not for me

Protag is rather unlikable (no, not because she's female, I'm female myself)It looked very poor too, I found it suffered from banding issues where there is gradient. I just couldn't enjoy it, i tried.

SHOW MORE

Moonbeanz

18/07/2024

Console

Poor

Guide an unlikable protagonist through the gloomy graphics from one clumsy combat encounter to the next. Take on the twin evil gods of Clunk and Jank, many times over, and just pray there's enough copium in the world to get you through it. This game makes Immortals Of Aveum look good. As an added bonus, selecting the Story difficulty disables all Achievements so those looking for a "chill game" should know there's a compromise for enjoying the game that way.

Console

My experience so far. (Completed the story)

The game started slow and weird tbh but i've been playing a little bit and it's grown on me, Parry timings are pretty similar to Lies of P, i think i'll probably play it to the end, i'd recommend giving it a go... I think the other reviews are a bit unhinged.After completing the story I will say that it gets better and better as you play but it's a bit Meh at the start and then improves, I had a fun time playing, hopefully they make a sequel to explore "the world below". Feel free to send me hatemail folks, i'm just judging it for what it is.P.s Alot

GTR v iSparKZz

18/07/2024

Console

Complete lack of soul

Floaty combat, poor voice acting, generic gameplay. It uses the basic concept of souls likes without any flow or fun to them, graphics are nice but even then its nothing mind blowing for a fairly linear game. Yet another game pass game that feels like no true effort or passion was put into it..

SHOW MORE

TTV MrJamin1

21/07/2024

Console

Doesn't have an identity

Okay so the game isn't that bad as reviews say their is fun to be had here, but the issue lies in the gameplay. If they had made it a hack n slash it would be good and if it was a dark souls game it would be good. The problem is the devs have tried to mesh the 2 together and not done a great job with it. The enemies aren't interesting, dialogue isn't great, skill tree is meh. I tried on hard and all enemies do is red attack and have shields up it was frustrating/boring. The combat can be confusing with the double jumping and

18/08/2024

Console

Sweet Baby Inc.

Need I say more?Alright I will. The developers themselves are not the problem, its SBI and companies like them that are the problem. They take a game that can have so much potential and hollow it out so they can add a main character that has no personality besides their skin colour and their identity. Its cheap, it does a disservice to the developers because THEY are the ones putting in the work, SBI just looks at it, shrugs and insists on checking boxes, whether it benefits the games' narrative or not. Make the story gripping, edge of

 **EliCat4707**
22/07/2024

Console

Some things coud have been better

I really liked the game vibe and fliyin trough sky with portals, but so many things like battles coud have been handled better. Most of the time overall game sound overpovered dialogs and other character voices except the main characters voice. Main characters story seemed a bit shallow and missing something. Also not alloving achievements in story mode rises questions of why. Seems like by wanting more chill game you are being punished for that by getting less than others.

21/07/2024

Console

Pretty mid

DEI review bombing aside, the game is pretty mid. Bad writing - the usual modern media overexposition and 'arrogant and abrasive' = 'strong and confident' BS - and awful sound mixing/direction make it clear the VAs are alone in a soundproof booth reading off lines with minimal context, resulting in stiff dialogue forever out of place. Some interesting aesthetics all mashed together into a discordant mess leaves much to be desired visually too.Combat/exploration is more GoW than Soulslike and is serviceable enough but bland.

Decent Soulslite

Not perfect but doesn't deserve the shallow 1 star reviews. Decent spin on souls combat, took a while to get into the groove with it with parry timings that sometimes feel a little unforgiving. Nice linear story with light exploration that didn't outstay its welcome. Not for everyone but if you like souls games and want to try something a little different with a little more action, it's worth a shot! I enjoyed it throughtout.

If you can play it on Xbox game pass, I recommend this. It's fun little game. Short and quick, and I find the combat style fun.

Sparky Steve206
25/10/2024

Console

Dull

A mix of melee, guns and magic sounded interesting, but the combat in this game is pretty boring. The movement is very floaty. The characters are fairly uninteresting. The final battle is dumb, the camera can't keep up with the fight, you end up spamming slash, and hoping you hit something. Your early game weapons are better than 90% of anything you'll find, so just speedrun the main missions. And no NG+ so don't bother grinding XP levels either.

SHOW MORE

gameplay is fun, voice acting sucks but who really cares. parry and dodge and youll be fine. if you just do main quest it doesn't take that long to beat

SedativeLemon

21/07/2024

PC

Had potential, let down by mechanics.

It's obvious this game tries to be a more lenient, noob friendly Souls game. Which is fine, however the mechanics are just awful, the parry feels slow and unresponsive. You either parry to fast, or to slow. The enemies attack could be colliding directly with the player and the parry won't register 95% of the time. The animations are really bad, put it this way... I went back to Suicide Squad and found that game more enjoyable.

Console

Excellent!

Positives: Game has great combat system. Parry, counter shot and criticals are very satisfying.Movement is quick and fun makes exploration enjoyable. Loved all the boss fights with the exception of the final boss which could've done with zooming out a tad.Negatives: Not enough upgrade materials, the ability to purchase or farm them would fix this.Tutorial was kinda lengthy and very hand holdy, almost put me off.The mini game wasn't alot of fun and I didn't engage with it beyond getting the achievement for it.All in

Way better than most reviews would lead you to believe

I absolutely believe every one who has gave this a bad review hasnt put even an hour into the game, short attention spans, if you want the good good combat, weapons, abilities, story etc you need to be patient and put in a couple hours and explore. I will admit at the start of the game it feels very basic but the game takes it slow before its shows its full potential, i wasnt too impressed at the start but about 2 hours after the prologue the game started to really open it self up, the combat became way more intense and complex

Please Help!

I'm trapped in a Ratings and Reviews page on a digital storefront! I fell down here after a cheeky bit of Dingo Bingo (wink, wink) midweek. Yes, I should have worn my safety cat, but Mr. Pomfreetz didn't like the little safety helmet. You know what They say - keritza-fuzzle! And I'm sure we ALL wish They...a speedy recovery.[SMILE INTO CAMERA]3.49 whatever's out of who cares. And I raise you a ghost. And a biscuit. NO, wait - just the biscuit. I'll keep the ghost. It's Auntie Laura. Former pirate. Former Barry Gibb
